- Approval for 2nd Floor and Higher Applications
- NEW Column Installation Brackets Available***
- Will Never Chip, Rust or Splinter
- Stress Tested/Impact Resistant

Builder Select Railing combines commercial grade strength with beauty and elegance, creating a railing system that is practically maintenance free. The Builder Select Railing system has a Limited Lifetime warranty and is manufactured from stylish and strong impact resistant PVC.

Builder Select Railing has been engineered to accommodate normal temperature swings and changing climate conditions. It is manufactured from high quality rigid PVC with impact modifiers and high levels of Titanium Dioxide which resist ultraviolet degradation. As with most plastics, vinyl will become less flexible in colder weather conditions; however, unless

subjected to unusual impact, it will not break. Builder Select Railing is categorized as Self-Extinguishing, meaning it has a high flash point, 716 degrees F, so it does not readily ignite and does not sustain combustion once the source of ignition is removed.

Meeting or exceeding all International Building Codes and all International Residential Codes allows Builder Select Railing to be used in commercial and residential construction. Installs in 6 easy steps saving time and money. Compared to the cracking, chipping, splintering, and constant painting of wood or the denting and rusting of aluminum and steel, nothing holds up better than Builder Select Rail.

CODE APPROVED NEWEL POSTS

The HB&G Builder Select Railing system offers two newel posts. The first, seen above, is a commercial grade newel post that meets all commercial and residential building codes. The second is a residential grade newel post that meets all residential building codes. Both newel posts are designed to integrate with the Builder Select Railing system giving a beautiful look that is secure and backed by commercial and residential building code approvals.

Limited Lifetime Warranty

HB&G Building Products, Inc. warrants that for the "lifetime" of ownership the Builder Select Railing is free from defects in material and workmanship. "Lifetime" means as long as the purchaser owns the structure to which the Builder Select Railing is attached. Upon proper installation of the column, HB&G Building Products, Inc. will repair or replace, at its option, any Builder Select Railing that has failed as a result of defective material or workmanship. In the event of a claim against this warranty, proof of purchase, with date will be required to affect such a claim. Installation cost not included. HB&G Building Products, Inc. gives no other warranty expressed or implied. For complete warranty visit www.hbgcolumns.com.
